

## **Brighton Accommodation Guidelines**

Brighton hosts various possibilities for accommodation such as flats, shared houses, bedsits or part-board with a host family. However, good accommodation is in demand due to the fact that Brighton is a student city and also a sought after area by the sea.

An average price guide:

<b>Bed &amp; breakfast</b>	£25-£30+ per person per night
<b>Bedsits</b>	£75+ per person per week
<b>Flats / house share</b>	£80+ per person per week
<b>Part board with family</b>	£100+ per week, inc bed, breakfast and dinner

Please note that these prices are not including bills and are only a guide. You will be asked for rent in advance and a deposit.

Brighton is a University City and as such has a heavy demand on it for student rooms. I can advise you to get in as early as possible to find a place which suits your needs.
